

Snowdon By Night (Yr Wyddfa)

Duration: 2 days

Snowdonia National Park in North Wales is synonymous with beautiful, rugged landscapes and wonderful trekking and outdoor pursuits. The highest mountain in England and Wales at 1085m, Snowdon's Welsh name is Yr Wyddfa, reputedly the burial place of a mythical giant. A popular summit trek by day-time, it forms a real challenge by night.

Standing at the summit by moonlight will be an unforgettable experience, as will seeing the sunrise from the mountain slopes as we descend. Witnessing the spectacular landscapes opening up before us as the day grows lighter is a magical and unforgettable experience.

Our base for this challenge is a friendly hotel, which makes for a comfortable, sociable start to our challenge as we enjoy a hot drink and get to know each other. At the end, we gather back together in the warm and celebrate our overnight achievement with a slap-up breakfast!

Make a weekend of it and check out our [Snowdon Sea to Summit](#).

This trip generates around **6 kg of CO₂ per person**. Because of our commitment to responsible travel, **we offset 100% of these emissions**.

DETAILED ITINERARY

Day 1: Arrive Llanberis

We'll meet in the evening in Llanberis, the popular village at the foot of Snowdon, and get ready for our trek. After a hot drink and a full briefing it's time to switch on our head-torches and set off on our exciting night challenge!

We follow the Llanberis Path, which roughly shadows the route of the famous Snowdon Mountain Railway. It's the most gradual route up Snowdon with good conditions underfoot, and therefore best suited to our ascent in the

dark! There is an initial steep section; after this our route continues quite gradually. The path shows up quite easily most of the time under the torchlight. Trekking up at night is a very different experience than during the day; our senses grow used to the darkness and we can enjoy the silence and the remoteness, and the views of the night sky arcing above us.

After the Halfway House the gradient becomes steeper in places, but we know we're not far off the summit! We pass through a narrow railway bridge, and it's not long before we get to a standing stone, marking where other trails meet ours. A little further on we come to the summit at 1085m. We have gained approx 900m in height since we set off – quite an achievement!

ROUTE PROFILE

Day 2: Descend and depart

After some time to experience the summit – though it will probably be quite cold at the top, so you may not want to linger too long! – we leave the summit and return to Llanberis the same way. The sky will start to lighten on our way down, and we may be able to enjoy the wonderful views over the Menai Strait towards Anglesey while we are still high enough to enjoy them. As the sun rises and lights up our surroundings, we'll be amazed by what we climbed in the dark! The descent will be much quicker and less arduous, but still tiring and can be hard on the knees. We return to our hotel for a big celebration breakfast! After saying our farewells to our fellow trekkers, we head home, tired but very elated!

Fitness Levels

This is designed to be a challenge, and it is vital that you train sufficiently for it. We will supply you with a thorough training guide once you have registered. Training is all part of the preparation: inadequate training will impact on your

enjoyment of the trip, and your chances of completing it. We expect all participants to train hard in advance, but we respect everyone's limits and do not expect everyone to maintain the same pace. If you have concerns about your fitness or if you have reduced mobility please do contact us for a confidential chat about whether this challenge is appropriate for you.

Terrain

The paths we use are generally well-maintained and vary from steps, steep inclines or gradual slopes, to more rocky ground. In wet weather it can be slippery in places, and in some areas it can be easy to lose the path. In the dark it's easier to lose your footing or become disoriented, so we take it easy. There will be marshals or lit markers on any sections of the route which are not clear.

Clothing & Kit

We plan our trips around the optimal weather conditions, but could still be exposed to bad weather at any time. It is vital you are prepared for all conditions. We provide you with a detailed packing kit-list on registration, with plenty of information, and we are always available if you need advice.

Travel Insurance

Travel insurance for UK weekends and one-day events is not compulsory but you might like to consider taking out cover in case of cancellation or loss of belongings.

We will confirm at least 12 weeks prior to departure that your challenge is guaranteed to run. Occasionally it may be possible to still run the challenge with less than the minimum numbers, subject to a small group supplement. If we think a small group supplement may be necessary, we will discuss this with you as soon as possible, usually 5 months before your departure date.

Minimum numbers and groups sizes may vary on Bespoke Charity challenges. If you are booked onto a bespoke challenge please contact your charity for full details.
